

## 7<sup>th</sup> Grade ELA - *The Outsiders* Pacing Guide

NOTE: Use this pacing guide to stay on top of assignments. This is when you're expected to have specific chapters read in class, but use it to help you plan ahead or should life happen. If you know of an upcoming game, family vacation, or have an unexpected absence, use this so you can remain on track. As soon as the due date, you're expected to have read through those chapters and are subject to periodic, comprehension checks. In addition, there will be activities/assignments for select chapters as well as an assignment for the overall book.
